

The P Series of Glazers™

- P 1600 RPM Glazer
- P 2000 RPM Glazer

The ultimate value and choice
in high-speed burnishing power.

P 1600 RPM Glazer

The Right Combination

Tornado's® P Series of High-Speed electric burnishers are expertly balanced for ideal pad-to-floor pressure and sustained RPMs. Unlike other burnishers, you get total pad-to-floor contact, which means greater efficiency, speed and overall cost-savings. The P Series of High Speed Glazers™ provide excellence in design, operator comfort, and unsurpassed burnishing performance.

Precision Balance and Simple Maneuverability

The Tornado® P Series of commercial high speed Glazers™ offer a specially patented design combined with precision balanced weight distribution which eliminates the need for a compensating center or front mount caster. This unique design provides full pad-to-floor contact, resulting in a smooth, even gloss. Tornado's Glazers™ provide exceptionally smooth operation with a flexible, self-adjusting pad driver that burnish uneven surface areas easily and efficiently.

Durability and Value

The P Series feature a unique, one piece rotationally molded housing designed to absorb the torque and vibration normally felt when operating a high speed. They also boast a one piece all metal tube and switch housing which improves operator control and safety. Ruggedly built for years of trouble-free operation, they make it easy to restore and maintain hard floor surfaces.

With a 20" burnishing path, flex pad holder, lock-in retainer, 1.5 HP motor, and Tornado's® one piece all metal tube and switch housing, the P Series of High-Speed Glazer's™ can handle the most demanding of floor care needs. At unmatched price points, this is a must-have for any cleaning professional.

P Series 1600 Glazer™ and 2000 Glazer™ - The ultimate value and choice in high-speed burnishing power.

Key Features

- Heavy-duty 1.5 hp motor with low start up and operating amp draw
- Patented rotational molded housing absorbs vibration and minimizes torque for easy operation and control
- Floating handle provides great maneuverability with no “flutter” or pull
- Optimal head weight for maximized pad-to-floor contact, providing the best shine possible
- Low profile for easy maneuverability
- Flex pad holder with lock-in retainer

Versatility

The Tornado® P Series of Glazers™ provides easy operation, versatility, innovative features, and durable design for use in many different environments including:

- Hospitals and Healthcare Facilities
- Schools and Universities
- Hotels and Resorts
- Restaurants
- Commercial Office Buildings
- Retail Stores and Shopping Malls
- Industrial Facilities, large and small

P 2000 RPM Glazer

Patented Design

Keeps motor running COOL, and provides a longer life.

All Metal Handle

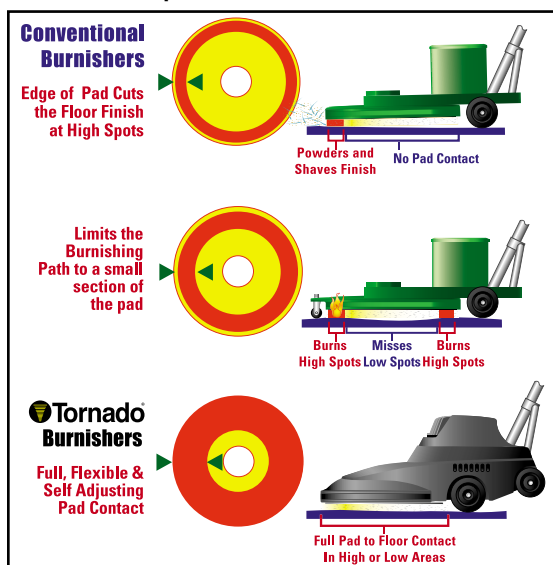

Strong reinforced handle yoke providing and solid axle support provides strength and support for smoother operation and improved performance.

Designed to protect

Easy access to motor and internal components. The completely enclosed motor makes sure no wires are exposed which means lasting durability and quick access for maintenance purposes.

True 20" floor to pad contact

PRODUCT SPECIFICATIONS		
Model	P8458	P8482
Catalog Number	98458	98482
Machine Dimensions		
L X W X H	35.5" X 23" X 44.5"	35.5" X 23" X 44.5"
Net Weight	89 lbs.	89 lbs.
Motor Height	22"	22"
